In Memoriam

HARRY LUCIAN SAVILLE
1891-1948

Because he lived, hundreds of boys and girls were inspired to become better men and women and to live fuller, richer lives. Never stooping to conquer, never failing to lend a willing hand or a kind word to a worthy student, he gave full measure in return for his earthly rewards. Posterity will remember him as a student, teacher and friend.

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
